Dear Douglas:

Assembly Bill (AB) 459, effective July 1, 2021, and passed during the 81<sup>st</sup> Regular Session of the Nevada Legislature (2021), amends certain provisions of Nevada Revised Statutes (NRS) section 610 and transfers the responsibility and accountability for the Nevada State Apprenticeship Council (NSAC), State Apprenticeship Director, and registered apprenticeship programs in the State of Nevada to the Office of the Labor Commissioner (OLC). Section 10.5 of AB 459 states: 1. The Office of the Labor Commissioner shall act as the State Apprenticeship Agency as defined in 29 C.F.R. § 29.2 and has responsibility and accountability for apprenticeship in this State. Nevada Administrative Code (NAC) section 610 sets forth additional regulations for the NSAC, State Apprenticeship Director, and registered apprenticeship programs.

While conducting a review of Nevada's registered apprenticeship programs now under the oversight of the OLC, we have found that your program, Alamo Power District # 3 - NV001940002, currently shows zero registered apprentices. This is a potential violation of NAC section 610.365. The NSAC has authority to cancel an approved program and/or an occupation within an approved program if the requirements of NAC section 610.365 are not met. Please see NAC section 610.365 below.

***NAC 610.365 Cancellation of approved program or occupation within approved program. (NRS 610.090, 610.095)***

*1. After serving notice of its intent as set forth in subsection 2, the Council may cancel an approved program or an occupation within an approved program, if the program has not indentured an apprentice within the immediately preceding year.*

*2. Not less than 30 days before the Council cancels an approved program or occupation within an approved program pursuant to subsection 1, the Council will serve notice of its intended action by certified mail to the last known address of the sponsor of the approved program.*

Nevada State Apprenticeship Council  
RE: NV001940002, Alamo Power District # 3

We have been duly notified that we do not meet the requirements of NAC section 610.365 because of not having any registered apprentices at this time. While this is true, we feel the obligation to inform this council that because of our staffing size needs and the location of our service territory, we will always find it very difficult to meet the NAC requirements of having a new registered apprenticeship every year. Because of the dynamics of limited staff and long-term employees there is usually no need for new hires but maybe once every 10 years. For this reason, we will voluntarily cancel our program. We would ask consideration when we make a request to reinstate our program when the need arises to add an apprentice in the future. If you need any more clarification on this matter, please feel free to contact me.

Sincerely,

Ken Maxwell

**RE: T-Mobile Corporation Apprentice Program – 2021-NV 80279**

Dear Mr. Williams:

T-Mobile is in receipt of your letter dated January 21, 2022 related to the above-referenced registered apprenticeship program in Nevada. T-Mobile has registered its apprenticeship program with the United States Department of Labor and has registered its apprentices in Nevada under that program. Due to T-Mobile's registration and participation at the federal level, T-Mobile voluntarily cancels its Nevada-specific Apprentice Program registration (2021-NV 80279) effective Thursday, February 3, 2022.

Thank you for your attention and please let us know if you require additional information to accept T-Mobile's voluntary cancelation of its registered Nevada Apprentice Program.

Sincerely,

/s/

Christina Arnone
