

Invent, Explore, Create! Scorpion STEAM Day Camps Await!

NEVADA STATE
UNIVERSITY

Nevada State University's Scorpion STEAM Academy offers young learners a dynamic, real-world STEAM experience this summer. Our program promotes creativity, critical thinking, and career readiness through hands-on projects and interactive learning.

Fusion Imagineers | Ignite your imagination at the intersection of art and science with this dynamic STEAM fusion camp!

Engineering Titans | Explore how mindset impacts us as scientists and engineers.

Healthcare Heroes | Start your journey to becoming a healthcare superhero with our medical sciences camp!

Nano Mania | Examine the captivating world of nanotechnology through a study of fundamental science principles!

Prototype Innovators | Demonstrate confidence in your technical and creative ability by bringing three-dimensional design ideas to life.

Rockin' Robotics | Ignite your curiosity and creativity while learning about coding, circuits, and communication systems with our robotics camp!

Science Explorers | Dive into the wonders of the world with our natural and physical sciences camp!

Studio Adventures | Unleash your creative spirit through traditional and digital mediums as you craft, design, and create vibrant artworks inspired by science, technology, and the surrounding environment!
