RE: Nevada Help Desk Updated Apprenticeship program for Cybersecurity Support and
Computer User Support / Computer Technician / Help Desk Support

This letter is to confirm our support for Nevada Help Desk's Apprenticeship Program. Nevadans from underrepresented communities or with only a high school diploma who do not enroll in institutions of higher learning experience greater unemployment rates. To avoid this dilemma, we support Nevada Help Desk's effort to increase the number of qualified students by providing work-based learning opportunities through Apprenticeship and in-demand technology credentialing.

Where applicable, the Clark County School District Technology and Information Systems Services Division is willing to consider qualified Nevada Help Desk Apprentices for work-based learning opportunities, with appropriate approval.

Thank you in advance for your consideration of Nevada Help Desk's updated Apprenticeship program.

Sincerely,

A handwritten signature in blue ink, appearing to read "MD", with a long horizontal line extending to the right.

Dr. Marilyn Delmont
Chief Information Officer
Clark County School District
