Hi Marvin,

Thanks for sending. Based on my schedule, It will be sometime after memorial day weekend before these are reviewed. We will look to place these either on NSAC's August or November agenda, I'll let you know which one. Obviously, they will not be on the NSAC agenda next week. Talk to you soon.

Thank you,

**Richard Williams**

Good afternoon all,

Attached you will find a DRAFT of our new Cement Mason apprentice standards that I am sending for your review. The Training Trust has reviewed these new standards and appendixes and concurs with what has been presented to them. Before I submit these new standards officially, I would like your review so I can eliminate any obstacles that may be presented at the next NSAC meeting.
