Appendix A

WORK PROCESS SCHEDULE

This schedule is attached to and a part of these Standards for the above identified occupation.

1. TYPE OF OCCUPATION

☐ Time-based ☐ Competency-based ☒ Hybrid

2. TERM OF APPRENTICESHIP

The term of the occupation shall be defined by the attainment of all competencies of the position. 1) If the program uses a time-based approach, requires the completion of not less than 2,000 hours of [work experience,] on-the-job learning, consistent with training requirements as established by practice in the trade; (2) If the program uses a competency-based approach, specify the skills that must be demonstrated by an apprentice and address how on-the-job learning will be integrated into the program; or (3) If the program uses a hybrid approach, specify the skills that must be acquired and the minimum number of hours of on-the-job learning that must be completed by an apprentice.

This would be expected to occur within approximately 2000 hours (must be at least 2,000 hours) of OJL, supplemented by the minimum of 144 hours of related instruction per year of the apprenticeship.

3. RATIO OF APPRENTICES TO JOURNEYWORKERS

The apprentice to journey worker/fully trained worker ratio is: 1 apprentice(s) to journey worker/fully trained worker(s).

4. APPRENTICE WAGE SCHEDULE

An apprentice minimum starting wage will be at least \$15.50 per hour. Apprentices shall be paid a progressively increasing schedule of wages based on either a percentage or a dollar amount of the current hourly journey worker/fully trained worker wage. A journey worker/fully trained worker minimum wage will be at least \$16.00.

Starting Wage: **\$15.50**

Progression:

1st 6 months — **\$15.50**

2nd 6 months — **\$16.00**

1-Year Term Example:

1st 6 months = % or \$ 2nd 6 months = % or \$

Periodic review and evaluation of the apprentice's on-the-job learning and related technical instruction will be conducted in alignment with the wage schedule established.

5. WORK PROCESS SCHEDULE (See attached Work Process Schedule)

The sponsor may modify the work processes to meet local needs prior to submitting these Standards to the appropriate Registration Agency for approval.

6. RELATED INSTRUCTION OUTLINE (See attached Related Instruction Outline)

The sponsor may modify the related instruction to meet local needs prior to submitting these Standards to the appropriate Registration Agency for approval.

Appendix A

WORK PROCESS SCHEDULE

The term of the occupation shall be defined by the attainment of all competencies, both technical and behavioral, of the position, which would be expected and approximated to occur within 2000 hours of OJL, supplemented by a minimum of 144 hours of related instruction per year of apprenticeship.

Apprenticeship Competencies – Technical

Item	Work Process	Approx. Hours
A	Child Development and Learning Theory – Applying knowledge of child development to support children's learning and growth, recognizing developmental milestones, and adapting teaching practices to support individual developmental needs.	200
B	Curriculum Planning and Implementation – Planning and implementing developmentally appropriate learning experiences, organizing materials and activities that support exploration and inquiry, and adapting curriculum to children's interests and developmental abilities.	400
C	Learning Environment Design – Creating and maintaining classroom environments that encourage curiosity, independence, and engagement through intentional arrangement of materials, spaces, and learning areas.	250
D	Observation, Documentation, and Assessment – Observing children's play and learning, documenting developmental progress, and using observations to inform teaching decisions and support children's development.	350
E	Social-Emotional Development and Positive Guidance – Supporting children's emotional development, guiding peer interactions, modeling respectful communication, and helping children develop problem-solving and self-regulation skills.	250
F	Language Development and Communication – Encouraging children's language development through conversation, storytelling, questioning, and meaningful engagement during daily classroom interactions.	200
G	Family Partnerships and Communication – Building respectful relationships with families, sharing information about children's experiences, and supporting collaboration between families and the school community.	150
H	Classroom Leadership and Assistant Supervision – Coordinating daily classroom routines, guiding assistant teachers in classroom practices, and maintaining organized learning environments that support children's engagement.	150

Item	Work Process	Approx. Hours
I	Professional Practice and Ethical Responsibilities – Demonstrating professionalism through collaboration with colleagues, reflective practice, ethical conduct, and participation in professional development activities.	50

TOTAL HOURS: 2,000

The above on-the-job-learning (OJL) work process competencies are intended as a guide. It need not be followed in any sequence, and it is understood that some adjustments may be necessary in the hours allotted for different work experience. In all cases, the apprentice is to receive sufficient experience to make them fully competent and use good workmanship in all work processes, which are a part of the industry. In addition, the apprentice shall be fully instructed in safety and OSHA requirements.

Evaluation of Apprentice Progress

Apprentice progress will be evaluated through a combination of related technical instruction assessments and on-the-job performance observations. Apprentices will complete knowledge checks or quizzes associated with related technical instruction to demonstrate understanding of course content. Supervising journeyworkers and program leadership will also conduct periodic observations of the apprentice's work to assess skill development and competency in the required work processes.

Apprentices must demonstrate satisfactory progress in both related instruction and on-the-job learning to continue in the apprenticeship program and to advance toward completion.

Apprenticeship Competencies – Behavioral

In addition to mastering all the essential technical competencies, an apprentice must consistently demonstrate at an acceptable level the following behavioral competencies, to complete the apprenticeship.

Item #	Behavioral Competencies
1.	Participation in team discussions/meetings
2.	Focus in team discussions/meetings
3.	Focus during independent work
4.	Openness to new ideas and change
5.	Ability to deal with ambiguity by exploring, asking questions, etc.
6.	Knows when to ask for help
7.	Able to demonstrate effective group presentation skills
8.	Able to demonstrate effective one-on-one communication skills
9.	Maintains an acceptable attendance record
10.	Reports to work on time
11.	Completes assigned tasks on time
12.	Uses appropriate language
13.	Demonstrates respect for patients, co-workers, and supervisors
14.	Demonstrates trust, honesty, and integrity
15.	Requests and performs work assignments without prompting
16.	Appropriately cares for personal dress, grooming and hygiene
17.	Maintains a positive attitude
18.	Cooperates with and assists co-workers
19.	Follows instructions/directions
20.	Able to work under supervision
21.	Able to accept constructive feedback and criticism
22.	Able to follow safety rules
23.	Able to take care of equipment and workplace
24.	Able to keep work area neat and clean
25.	Able to meet supervisor's work standards
26.	Able to not let personal life interfere with work
27.	Adheres to work policies/rules/regulations

RELATED INSTRUCTION OUTLINE

The related instruction has been developed in cooperation with employer-partners as part of the apprenticeship. The following is a set of courses to be delivered by subject matter experts.

Related Technical Instruction (RTI) - This instruction shall include, but not be limited to, at least 144 hours per year for each year of the apprenticeship. The related theoretical education listed below is tightly integrated with real work product. The curriculum is defined as a variety of classes, around which the exams and projects are based. By defining the RTI this way, all competencies required of the students are met, through project work.

COURSE TOPICS**HOURS**

Course A—Advanced Child Development	30 hours
Course B—Curriculum Planning and Emergent Learning	25 hours
Course C—Observation, Documentation, and Assessment	25 hours
Course D—Learning Environment Design	20 hours
Course E—Social Emotional Development and Positive Guidance	20 hours
Course F—Family Engagement and Partnerships	14 hours
Course G—Classroom Leadership and Team Collaboration	10 hours

COURSE TOPIC DESCRIPTIONS**A. Advanced Child Development**

This course expands apprentices' understanding of child development from birth through age five. Apprentices examine developmental domains in greater depth and learn how developmental knowledge informs classroom practices and learning experiences.

B. Curriculum Planning and Emergent Learning

This course introduces apprentices to planning developmentally appropriate curriculum. Topics include designing learning experiences, supporting children's inquiry, and adapting activities to meet children's interests and developmental needs.

C. Observation, Documentation, and Assessment

This course focuses on observing children's learning and development. Apprentices learn how to document observations and use that information to support children's growth and inform classroom practices.

D. Learning Environment Design

This course explores the role of classroom environments in supporting children's learning. Apprentices learn how to organize materials and learning spaces that encourage exploration, independence, and engagement.

E. Social Emotional Development and Positive Guidance

This course examines strategies for supporting children's emotional well-being and guiding behavior through respectful communication, relationship-building, and developmentally appropriate guidance practices.

F. Family Engagement and Partnerships

This course focuses on building collaborative relationships with families and supporting communication that promotes children's development and well-being.

G. Classroom Leadership and Team Collaboration

This course prepares apprentices to support classroom teams by developing communication, collaboration, and leadership skills necessary for working effectively with assistant teachers and colleagues.

SECTION 27 - OFFICIAL ADOPTION OF APPRENTICESHIP STANDARDS

Reggio Roots, LLC hereby adopts these standards of apprenticeship.

Sponsor(s) designate the appropriate person(s) to sign the standards on their behalf.
