APPRENTICE RECIPROCITY VERIFICATION ON A PUBLIC WORKS PROJECT

NRS 338.01165, Senate Bill 207 from the 80th, 2019, Legislative Session, and Senate Bill 82 from the 82nd, 2023, Legislative Session, require contractors and subcontractors to employ apprentices on Public Works Projects in Nevada

Reciprocity between apprenticeship programs registered in other states and the State of Nevada will be allowed on a limited basis on public works projects in the State of Nevada where prevailing wage applies and the Apprenticeship Utilization Act applies.

Apprenticeship Programs registered in other states and associated with international associations, trade associations, and any other applicable associations or unions typically follow the same national guidelines and standards for a craft, job classification, and/or type of work performed. Those guidelines and standards and any other applicable state laws and regulations shall be followed.

The association that dispatches the apprentice shall have responsibility for ensuring that the standards, rules, laws and regulations governing the supervision of apprentices is followed and shall ensure the employer follows these as well.

Assignments must not exceed 6-months in duration. Contractors utilizing out of state apprentices must report to the Office of the Labor Commissioner the name and apprentice number of the apprentice, the start date of the project and the last date apprentice worked or will work on project, as well as verification of registration in an OA/SAA approved apprenticeship program. This information should be reported to NevadaSAC@labor.nv.gov.
