PIPELINE REGISTRATION

Nevada Women In Trades (NVWIT) is a nonprofit corporation founded in 2018 and registered in the state of Nevada with a Mission: To prepare women in Nevada for successful careers in high skilled blue-collar (trade) occupations.

NVWIT is Creating a Pipeline for Women Considering a Job in the Trades

Did You Know?

Women are seriously underrepresented in Apprenticeship Programs, and in high-growth, high-wage occupations. While women make up nearly half of the United States labor force, they comprise less than 10% of registered Apprenticeship Program participants. Pre-apprenticeship programs are designed to prepare individuals to enter and succeed in an Apprenticeship Program.

NVWIT is Helping!

The first step in the process of preparation for jobs in a "Trades", is the skill and aptitude test required for the Apprenticeship Program. Apprenticeship is a proven "earn and-learn" training model that offers workers a pathway to the middle class and helps companies recruit, develop, and retain a highly skilled workforce. Pre-apprenticeship is designed to prepare individuals to enter and succeed in an Apprenticeship Program. ***NVWIT Pipeline Program*** trains women to pass the rigorous apprenticeship exams, interviews, and join the ranks of those in successful trade careers.

PCC
2020**

NVWIT Pipeline Comprehensive Course (PCC) prepare you for Apprenticeship Exams by enhancing your math skills, interview skills, equip you with the proper mental and physical tools through hands-on training for the stable, and high-paying trade jobs.

Most trades require an apprenticeship before you can become a licensed journeyman. NVWIT Pre-Apprenticeship Program prepares women with the math, science, networking opportunities and test taking skills required to pass the apprenticeship exam and get into the trades. We are a not-for-profit organization.
